NEW Webinars

We've begun Webinars on topics important to our customers.

Here's a replay of our Webinar on isolated H-bridges:

And here's the reference design bill of materials:

Part # (click for datasheet)	Description	Notes
ILD13	3.3–6V Isolated DC-DC Convertors	World's smallest DC-to-DC convertors
IL610CMTI	Ultrahigh CMTI Isolators	>200 kV/μs CMTI; Extended 3 – 6.6 V supply (for high side drivers)
IL611CMTI	Ultrahigh CMTI 2-ch. Isolator	Extended supply range (for low side drivers)

Shortest Leadtimes

Despite Chipageddon supply-chain disruptions, NVE's sensor and isolator leadtimes are among the shortest in the industry.

[Contact us](#) for a quote.

Isolator Cross Reference

Find replacement isolators fast using our [isolator Cross Reference](#). Better parts. Better leadtimes.
